WHOLESALE Wine, Liquor and Cigar Store.

DRINK and the Death Rate.

The British Medical Association appointed a committee to make enquiries, in order to ascertain the average age of the different categories of drinkers, that is to say, those who refrain completely from alcoholic drink, those who indulge more or less in moderation, and those who drink to excess. This committee has handed in its report. Its conclusions are drawn from 4254 deaths, which are divided into five categories of individuals, with the average of age attained by each:—

Total Abstainers.	51 yrs. 22 days
Careless drinkers.	50 " 67 "
Free drinkers.	37 " 39 "
Habitually temperate drinkers.	63 " 13 "
Decidedly intemperate drinkers.	33 " 3 "

O. FIELD.

THANKSGIVING SUPPER.

Ladies of St. John the Baptist Church Give their Annual Supper—A Highly Successful Event.

The fifth annual thanksgiving supper of the Ladies' Guild of St. John the Baptist Church was held in the town hall yesterday evening. This supper has been so popular in past years that it is now looked forward to as one of the year's events. Moose Jaw generally turns out in full force to such gatherings and last evening was no exception to the rule. From six o'clock to half past eight the scene at the tables rivalled Washington Irving's description of the supper at Van Tassels. The ladies of the guild know well how to prepare for such an occasion. It was no mild "partaking of refreshments," 'twas a "Thanksgiving Supper." After the tables were replenished many times and all had eaten, the tables were removed and Rev. Brown called the people to order. After thanking them for their presence he announced that a short programme had been prepared, but reminded them that it was gotten up on the spur of the moment and entirely without preparation.

The following programme was then presented:

Instrumental	Mrs. Kent.
Song "The Vacant Chair"	Mrs. Tapley.
Recitation "June"	Mr. Nelson.
Song "The Powder Monkey"	Mr. Catford.
Song "Daisy Bell"	Mr. Lang.
Song "Dina"	Mr. E. Ewart.
Song "Jessie's Dream"	Miss Katie Taylor.
Reading "Death of the Showman"	—Rev. Brown.
Song "Far Away"	Mrs. Geo. Tapley.

Messrs. Nelson, Catford, Lang and Ewart responded to encores.

MINUTES OF SCHOOL BOARD.

ROUTINE BUSINESS—SCHOOL FURNITURE—NON-COMPLIANCE WITH ORDINANCE.

A meeting of the School Trustees was held on Wednesday the 15th inst., at which were present Messrs. Baker, Birbeck, Bole and Gass.

The minutes of the meeting of Oct 1st, read and adopted as read, and the Treasurer's statement was read and filed.

On motion of Mr. Bole, seconded by C. A. Gass, the request of J. A. Calder for the sum of \$3.00, for the purpose of teaching physics was granted.

On motion of W. W. Bole, seconded by C. A. Gass, the secretary was instructed to write several manufacturers of school furniture for prices of automatic schools desks and seats, double desks with "Adams" sittings and double desks with single seats.

Moved by T. E. Birbeck, seconded by W. W. Bole, that the chairman be authorized to procure satisfactory substitute until such time as Miss Burnett can take charge of her department.

Moved by T. E. Birbeck, seconded by C. A. Gass, that secretary obtain from principal a list of children who do not comply with school ordinances and notify parents of the fact.

FERRIS WHEEL STILL TURNS.

Every car of the Ferris wheel is now provided with an oil stove. The drop of the thermometer and the chill winds from the lake induced the managers of the wheel to heat their cars. The comedy of the Ferris wheel is the only amusing thing on the exposition grounds. With only workmen on the plaisance and not a passenger in sight, the wheel continues to turn. Ticket sellers sit in the ticket booths, and at regular intervals the great wheel stops and guards open doors for imaginary passengers to enter. The doors are

closed, the wheel starts, revolves twice making the regular trip, and then stops again to let off its imaginary passengers and let other phantoms on. The management is keeping up this show for the purpose, it is said, of making a case for damages against the Exposition company. Nothing is said about removing the wheel.

THE SCHOOL ORDINANCE

IS NOT YET SANCTIONED AND MAY BE DISALLOWED.

TORONTO, Nov. 21.—The Globe's Ottawa correspondent says: Regarding the new school question from the North-West it is learned at the department that two petitions on behalf of the Roman Catholics, asking for the disallowance of the act, have been received by Sir John Thompson and that the act in question is still subject to disallowance and will be up to the first months of the new year. All the ordinances of the last session of the North-West assembly have been reported on and allowed save the school ordinance.

JOSEPH MARTIN, M. P.

Defeats Campbell by a Majority of 427—A Victory for Tariff Reform.

WINNIPEG, Nov. 22.—Joseph Martin, the tariff reform candidate was elected today by an overwhelming majority. The fight was the hottest in the history of the constituency. When the result was announced in Martin's committee rooms, Mr. Martin spoke a few words thanking his friends for the high compliment paid him in electing him as their representative; he accepted it not as given to himself personally, but as the representative of tariff reform. He thanked, not only the Liberals, but also the Conservatives quite as much; this was not a party victory, but one for principle and for country. He trusted that he would represent the constituency satisfactorily; he was determined to do all in his power to carry out the programme which he had laid before the electors.

An impromptu torchlight procession headed by Mr. Martin in a sleigh drawn by citizens then proceeded through the streets and finally halted at the Manitoba hotel where there was a display of fireworks, after which the crowd assembled in the rotunda of the hotel. Speeches were delivered by J. H. Ashdown, Kenneth McKenzie, Hon. D. H. McMillan, Isaac Campbell, Hon. Robt. Watson, R. Balfour and others. Meanwhile at Campbell's committee rooms a great crowd had gathered. The defeated candidate made a graceful speech and thanked his friends for their support.

Hugh John Macdonald also addressed a few words to the gathering. He said it was no time to cry over spilt milk. The demand for tariff reform was becoming general in the west.

It is said that some disgraceful impersonating by Campbell supporters took place during the voting. One man, it is stated, voted no less than thirteen times.

In Winnipeg constituency in March 1891 Hugh John Macdonald defeated Isaac Campbell by a majority of 509.

A DECREASE OF INMATES.

The eighteenth annual report of the inspector of penitentiaries for the last fiscal year has been issued. The number of convicts in the Dominion penitentiaries on July 1 was as follows:

	Males.	Females.
Kingston	448	33
St. Vincent de Paul	374	—
Dorchester	177	1
Manitoba	71	—
British Columbia	90	—
Total	1,160	34

A decrease of 34 as compared with the previous statement.

BEFORE THE BEAKS.

Cases of Wood Stealing, Assault and Larceny Tried Before Local Magistrates.

Our local magistrates have been doing a land office business during the past week. The hall was opened on Saturday by three cases of alleged wood-stealing. These cases were tried before magistrates Green and Annable Joseph Haggarty, Robt. and Frank Porter were the parties that "the Queen" was after. The two first cases were dismissed with costs to Chas. Nicolle, the informant. Frank Porter was fined in the sum of \$5 and costs. As a result of these prosecutions Messrs. Haggarty and Robt. Porter have entered a civil action against the informant for malicious prosecution, claiming damages in the sum of \$1,000. If this comes to a trial it will be by jury.

EMPEY VS MCMILLAN.

This was a case in which there was considerable kicking. The informant Empey was boarding at McWilliam's boarding house. On Tuesday morning McWilliams ordered Empey to leave the house and shortly after had occasion to enter the kitchen where he found Empey doing some small job of painting. The famous scene of old Tony Weller kicking out the Rev. Stiggins was then re-enacted. Rumour hath it that the unfortunate Empey was kicked with such vigor that he looked seven ways for Sunday. At the door of the kitchen Empey stooped down to pick up his glove and mirror. McWilliams put all his strength into a final kick, which, to use the language of the informant, prospected him "across the adjoining lot." McWilliams was fined \$1 and costs. As Empey was a witness in his own behalf under the new Criminal Code, seventy-five cents of the costs go to him as a salve for his wounded feelings. This case was tried before Seymour Green, J. P.

THE CAP STEALING CASE.

Andrew Johnson, formerly a section-man at Morse, was brought before Magistrates Annable and Porter on Tuesday evening charged with stealing a fur cap belonging to Chas. P. McNeil from the Brunswick hotel. After Johnston stole the cap he sold it for \$1.50 to W. A. Jameson. This was a case where the wheels of justice moved with remarkable celerity. The crime was committed about noon on Tuesday Johnston was arrested at 18 o'clock, tried at 19 o'clock and left for Regina in charge of Constable Bolderson about 21.30 express.

AND STILL ANOTHER.

On Wednesday morning a rather seedy-looking stranger accosted Alex. Zess and Thos. Myles and tried to sell them a pair of boots which he carried in his hand, saying that he had purchased them in Winnipeg. Mr. Zess suspected that the boots were stolen and told the man so, whereupon he tumbled off down the track towards the railway bridge. Mr. Zess then had occasion to go up Main St. and mentioned the circumstance to M. J. MacLeod who immediately missed a pair of boots which had been hanging with others outside his store. A party consisting of Messrs. MacLeod, Zess and Munn then started after the fellow and found him hiding below the bridge. He had thrown the understandings away. He was brought back and handed over to Constable Battell who placed him in the lock-up. In an hour or so he made his bow before the magistrates and pleaded guilty to the charge of larceny. He will eat Government rations for thirty days.

Wm. Downe lost a fine team of horses last week. He was driving Mr. T. Vance across Buffalo Lake when the ice gave way. The two men barely escaped with their lives.

FARES TO 'FRISCO.

The C. P. R. people are having some fun in the matter of fares to the mid-winter exposition at San Francisco. As usual, however they are coming out at the big end of the horn. Nearly twelve months ago the Southern Pacific decided not to honor Canadian Pacific Railway tickets or the tickets of other companies which in any way touched the Canadian Pacific line, thus forcing the latter company on any business which they might send over the Southern Pacific to pay full local rates from points of connection to destination, while they gave other trans-continental lines which interchanged the same class of business with them much lower rates on the pro rata system. The object of this action on the part of the Southern Pacific was to prevent the C. P. R. from doing business in California; but they evidently reckoned without their host. After submitting to the inconvenience and loss for some little time, the C. P. R. determined to take the bull by the horns and have made rates between San Francisco and local points via Victoria and their line which have simply taken the wind out of the sails of rival roads running from the Golden Gate city. The reduction amounts to 40 per cent. less than the rates which obtain by other companies and a larger portion of the traffic than ever in consequence being diverted over the Canadian route. The San Francisco people see in this an additional means of attracting eastern people to their mid-winter fair and the press of that city teems with articles laudatory of the courage and enterprise of the C. P. R. management.

CANADA IS ALRIGHT.

Speaking of the annexation of Canada, the Interior, a Chicago paper says:—"We are not so anxious to annex Canada as we are to see some of her good ideas transplanted to this side of the border. Throughout the whole extent of her vast western dominions you will not find an outlaw, or hear of a case of lynching. It is not because she has to deal with a class of frontiersmen so different from those of our own Western States, but because she has laws and executes them. You can go nowhere, not even in the fastness of the Rockies, or the isolation of the Seikirk without finding the scarlet uniform of her Mounted Police. You will feel everywhere the presence of protecting law. You are made to realize that you are in a land of order, and that your person and property are under the care of the commonwealth. In too many of our own communities we are fast lapsing into barbarism in which private revenge becomes the miserable substitute for public justice. In so far as we do this we are centuries behind our age."

NOTES AND COMMENTS.

The Minneapolis Times, under the heading, "This Day in History," has the following: "Nov. 15, 1885, Louis Reil was hanged in the North-West Territory for high treason and the Reil rebellion was ended. Louis was a peculiar character and found his chief pastime in selling liquor to the Indians

or inciting them to riot. In neither of these recreations did he find himself supported by the better element of the Canadian populace, and he was finally forced into the position of put up or shut up. He put up and was shut up through the antagonism of a young Britisher named Middleton, who was picnicking in the North-West that summer. It is estimated that for everyone who was killed in Reil's rebellion, there were eight who deserve to have been slaughtered for panning or his name.

The first provincial general election in Prince Edward Island since the amalgamation of the two houses takes place on December 14th. The writs were issued last Saturday and nomination will be held on Dec. 7th. A prohibition plebiscite takes place at the same time.

At a meeting of the Anglican clergy of the Ottawa district recently a resolution was passed condemning prohibition as a movement calculated to interfere with the liberty of the subject. Some of the clergymen favored adopting the Gothenburg system.

THE BOY HILL TO BE HANGED.

THE BRANDON MURDERER SENTENCED TO DIE ON JANUARY 15.

BRANDON, Nov. 10.—The denouement in the Greaves murder case came this afternoon, when the jury after three hours deliberation returned to the court room and announced the fatal verdict of "guilty," with a strong recommendation for mercy. Judge Killam retired to his private chamber after the verdict was entered by the clerk, he returned in a few minutes when he asked the prisoner if he had anything to say as to why the sentence of the court should not be passed upon him. With unquivering voice and seemingly a stolid indifference, Hill answered, "No sir." The judge in a few deliberate words stated that he must pass the sentence of the law upon him, which was that he be taken to the common jail of the western judicial district there to be confined until the 15th day of January, 1894, and from thence to be taken and hanged by the neck until he was dead in the yard of the said jail. His Lordship stated that he would make it his duty to have the recommendation of the jury laid before the minister of justice, with whom his case must then rest. The condemned boy does not seem to realize the position in which he is placed. When asked by the governor of the jail whether he wished to see anyone, he replied in the negative. The verdict of the jury is the subject of much comment here. The verdict is certainly a surprise to many who witnessed the trial. It was generally thought before the verdict was announced that the prisoner would be acquitted.

THE MAMMOTH CHEESE

IS TAKEN TO MONTREAL AND GOES INTACT TO LIVERPOOL.

The mammoth cheese on its way from Chicago to Liverpool has arrived in Montreal and now stands on a platform car in the yard at the Dalhousie square station. It looks like an ordinary metal cylinder nine feet in diameter and six feet high, painted a light yellow. Inside this metal case are 22,000 pounds of good Canadian cheese, 11 tons, the biggest piece of cheese ever made. It came through from Chicago on this open car, resting on a couple of beams, and covered by a piece of tarpaulin. On one side is painted in large red letters, "The Mammoth Cheese from Canada," and below the weight, 32,000 lbs. Over the case are scribbled hundreds of names of visitors to the Columbian Exposition; most of them are names of people from Ontario. Perth is the favorite address. That was where the cheese was made and the visitors were evidently proud of this big dairy product. The cheese was tested several times at Chicago and found to be in good condition. It was a little sharp being now about fourteen months old. It will be put on board the S.S. "Lebanon," which will sail

sail for Liverpool on Saturday next. It has been purchased by Mr. Lipton, head of the British firm of produce merchants. It will be exhibited in several of the large cities of the Kingdom and then sold.

TOWN PARLIAMENT.

Accounts—Communications and Committee Reports Dealt With.

Minutes of the regular meeting of the Moose Jaw council, held in the Clerk's office on Nov. 20th, 1893.

Present:—Mayor Grayson; Councilors, Hannah, Fysh, Neeland, Stant, Simington and Ferguson.

Minutes of last meeting read and approved.

Communications and accounts were received as follows:—

Communications from E. Colpits, Seymour Green, R. M. Wilson and R. B. Gordon.

Stunt—Neeland—That accounts of H. McDougall, \$5.45; Colgan & Bates, \$1; Paul Ostrander, \$2.50; W. Little, \$177.85; Electric Light Co., \$52.50; Moose Jaw Times, \$1.25, E. Simpson & Co., \$7.05; Henry Battell, \$25, be paid. Carried.

Stunt—Neeland—That account of W. Timmins, \$9.75, for bars on Town Hall, property be paid and that he be paid 40c per bar for cutting and pointing 30 bars for corner stakes also, accounts of \$2.50, for grappling irons, be paid; also account of Moose Jaw Times for \$23.00, for printing delinquents be paid and account for \$2.28, for advertisement for tenders for sidewalk construction, be paid. Carried.

Fysh—Neeland—That communication of R. M. Wilson be filed. Carried.

Simington—Hannah—That the communications of Enoch Colpits and Seymour Green be filed. Carried.

Neeland—Stunt—That the clerk be instructed to prepare and forward to R. B. Gordon, Esq., Secy. to the Lieutenant Governor the information he requests re financial standing of the Municipality. Carried.

FINANCIAL REPORT.

To the Mayor and Council:

Your Financial Committee would recommend that the School Board be granted an order on the treasurer for six hundred dollars being balance of appropriation for the present year.

(Sgd.) W. W. Neeland, Chairman.

HEALTH COMMITTEE.

To the Mayor and Council:

Your committee beg to submit the following report in the matter of one Gardner who appealed to your committee through Dr. Turnbull for assistance in transportation from Moose Jaw to Medicine Hat Hospital. He being very sick with the fever and in destitute circumstances.

Your committee decided it advisable to grant the required assistance and did so to the amount of eight dollars and twenty-five cents, all of which is respectfully submitted.

(Sgd.) J. M. Simington, Chairman.

Neeland—Stunt—That report of Finance Committee be received and adopted. Carried.

Simington—Ferguson—That report of Health Committee be received and adopted. Carried.

Council adjourned.

She Came from Toronto.

ASHLAND, Wis., Nov. 20.—Mrs. Geo. Resny, of 2111 East Third Street, has been in poor health for some years. Her energetic disposition made invalidism doubly irksome to her, so she sought far and wide for a remedy that would make her well again. Her efforts were unavailing until she began using Dodd's Kidney Pills. Now she is on the high road to health and attributes the result to the use of these pills. Every day makes it more apparent that many of the ills to which women are subject are due to impaired action of the kidneys if not actual disease of the organs. The reputation of Dodd's Kidney Pills as the greatest specific in all disorders of the kidneys is now irrefragably established, so that all unfortunate victims of kidney disease may use them with

the utmost confidence.

It may be of interest to state that Mrs. Resny is an old Torontonian.

OPEN NEXT YEAR.

JACKSON PARK TO BE BEAUTIFIED AND THROWN OPEN TO THE PUBLIC.

Chicago, Nov. 17.—During the entire summer of 1894 the main exhibition building will stand in Jackson park; the public will be admitted everywhere in the park free. The work of beautifying the park will progress steadily. On the first day of the new year the park commissioners will assume control. All state and foreign buildings will be out of the north end of the grounds by May 1. The commissioners will at once begin the work of restoring that end of the park to its former appearance and continue to improve it. What may be done with buildings the following year cannot be said. It is President Lonnensberger's opinion that the board will take no action in the matter for some time.

SALMAGUNDI.

To point a moral and adorn a tale!
—Johnson

The London correspondent of the New York Times suggests a humorous explanation of the trouble in Matabeleland. Three or four years ago Lobengula sent a deputation of his indunas, or head men, with a message to Queen Victoria. While at the British court they saw much of Princess Beatrice, whose beauty and amiability deeply impressed them. Having completed their mission they returned to their king, to whom they related the praises of the English princess and suggested that he could not do better than take her as one of his wives. An alliance by marriage would draw the two kingdoms of Matabeleland and Great Britain into the closest relation of amity and friendship. Lobengula saw the advantage, and acting on the suggestion made a formal offer for the daughter of the Queen, on whom he would bestow as dowry or marriage settlement the extremely liberal gift of 10,000 bullocks. There were broad smiles at Windsor on receipt of this magnificent offer, interspersed with moments of perplexity. How to get rid of this ducky and royal lover without offence was the question. The honor of the proposed alliance was suitably acknowledged but declined on the ground that the lady in question was already married. This would not do for Lobengula, who was deeply offended at the suggestion that the Princess could not marry him because of a husband. A long correspondence ensued through the Foreign Office, and when the King of the Matabele finally recognized that it was all up with him his love turned to hate and he vowed vengeance against the English Queen and her people. In this affront is discovered the real cause belli.

There will be no more mistaken idea than that figures never lie. That they frequently do lie, any defaultering accountant will prove to you. An eminent statistician remarked in conversation that figures undoubtedly do lie often enough, and confessed that he had sometimes made them do so himself. Possibly the idea that figures never lie may have originated with some rogue who was making them lie all time, but who with an air of innocence was shrewdly denying the possibility of such a thing. Did you never have a bill sent you charging what you had never bought, or what you had paid for, and which caused you to realize that figures are capable of lying in the most shameless manner? That is what has been the trouble with some of the great weather predictions; the prophet (it had calculated the things to a nicety, but his figures lied to him. Figures have lied more a hundred times in a pencil and paper and he made his bewildering calculations lie to you in the most plausible manner, as they have done to him. Of course figures will lie. The figures of the fashionable ladies—very well, we will change the subject, if you like.

The Victoria correspondent of the Nanaimo World hits of the assiduous seeker after dead head notices in this style:—"It is not often I attend a wedding, as most of my male friends are to be trusted in a boat with Cupid, and are, in fact, hopeless stags. But one of them gave in lately, and the affair was a happy one. There was not a large assemblage of guests, the prover was prime, and it was all over in good time. The old man, father of the bride, pulled me into a corner and whispered in tones somewhat husky and suggestive of O. and W. mingled with cucumber and onion salad: "Say, Griggs," (he had had several just previously, hence the familiarity) "say, old man, couldn't you hum a little free marriage notice into the World for me next Saturday. I've been put to horrible expense lately and can't stand any more. They'll put it in if you ask 'em to, won't they? You

stand in with 'em pretty well, don't you?"
"Oh, pretty well, yer," I replied.
"What do want to put in?"
"Here it is," he said, after fumbling in his vest pocket a minute. The notice read as follows:—"Mared.—At the home off the bird's parents, 66 Warspite street, on the 23 instants, Ehelberta Sophronia, eldest dotar off Samuel Potterson, for forty years hedd bok-keeper at Helmsa's peanut stand, Montreal, to V.E.D. Summer-Jones, late off the old country, by the Rev. Joshua Dingbat, D. D."

Don't be too particular nationally, sanctimoniously, matrimonially or personally. In other words be patriotic, but not offensively or blindly so; be good, but do not parade yourself as a martyr or consider it necessary at all times to be on account of it; get married but do not expect a perfect paradise anywhere this side of heaven; and take care of yourself but do not be too particular. This is the gist of it. It would be difficult to hit upon any advice that would be more acceptable to the world and I do not doubt the world will act upon it. If the readers of this paper do not agree with an occasional "point" in this column, let it pass: don't be too particular. The electors of Winnipeg may have made a mistake on Wednesday; let them have their way, you can't help it, don't be too particular. If the defeated candidate thinks there was bribery and corruption on the other side, he had better find out whether there might not have been a little on his own, and not be too particular about the other fellow. But seriously, the doctrine of not-being-too-particular is, perhaps, best expressed by the truism that rugged greatness is better than accurate minuteness. Put things in their proper proportions and "don't be too particular" about comparatively unimportant things.

Geographic nomenclature should reveal to some extent the character of a country. In Europe, especially in England, the names, as a rule, are as beautiful as the places with which they are associated. As a rule the names are characteristic and interesting. The same is hardly true of America. Attention has, from time to time, been called to the nomenclature of the United States, with its Briggsvilles and Higginsvilles and more pompous Troys and Syracusees. Insignificant individuals and a classic dictionary seem to have done very good (or bad) service in the adjacent republic. And how about ourselves? Happily the name Pile-o-Bones gave place to Regina. Medicine Hat remains unchanged, but it is a hat which might be knocked off. Moose Jaw is another name which "grates," if I may so express it. Kicking Horse Pass is a striking (in a literal sense) but not unsuitable name for a mountain pass, Biscuiting, Pops-masing, Passamaquoddy and such names are trying to the average tongue. Canadian names on the whole are good. Insignificant individuals and classic dictionaries have not troubled us much as yet. New places will be springing up constantly and care should be taken to select graceful and suitable names, and to avoid such names as

The North-Western Line

Note the following from the World's Fair

letter in the Minneapolis Spectator:—

"The committee which compiled statistical information relating to American railways were high in their praise of the manner in which the great route prepared facilities in caring for the enormous traffic occasioned by the World's Fair and while all the Chicago, St. Paul lines were commended in favorably, the North-Western Line was especially commended as between Chicago, St. Paul and Minneapolis. This adds another laurel to those already gained by Minnesota, as the North-Western Line—C., St. P. M. & O. Railway—is one of the recognized roads of the North Star State."

Our trains are equipped with Vestibuled Gas-lighted Buffet Sleepers and Free Reclining Chair Cars.

THE GREAT SOUTH AMERICAN NERVINE TONIC

AND STOMACH AND LIVER CURE

The Wonderful HEALTH BUILDER & NERVE FOOD
Chronic Diseases are caused by Damaged Nerve Centres at base of the Brain.

LATE discoveries have absolutely proven that the Stomach, Liver, Lungs, and indeed all internal organs, are controlled by the nerve centres at the base of the brain. The manufacturer of SOUTH AMERICAN NERVINE has studied this subject closely for more than twenty-five years, and has lately demonstrated that two-thirds of our Chronic Diseases, are due to the imperfect action of nerve centres, either within or at the base of the brain and not from a derangement of the organs themselves; hence that the ordinary methods of treatment are wrong.

As all know, a serious injury to the spinal cord, will at once cause Paralysis of the body below the injured part, it therefore will be equally well understood, how the derangements of the nerve centres, will cause the derangement of the different organs of the body which they supply with Nerve Fluid or Nerve Force.

The wonderful success of SOUTH AMERICAN NERVINE is due alone to the fact that it is based on the foregoing principle. The use of a single bottle of this remedy will convince the most incredulous. It is indeed, a veritable Nerve Food and Will Relieve in One Day the varied forms of Nervous Disease and Stomach Troubles.

Nervous Diseases.

This class of diseases, is rapidly increasing each year, on account of the great wear our mode of living and labor imposes upon the nervous system. Nine-tenths of all the ailments to which the human family is heir, are dependent upon nervous exhaustion, impaired digestion, and a deteriorated and impoverished condition of the blood. The SOUTH AMERICAN NERVINE is a great nerve food and nerve builder and it accounts for its marvellous power to cure the varied forms of nervous disease, such as Neuritis, Nervousness, Nervous Prostration, St. Vitus's Dance, Nervous Choking, Nervous Paroxysms, Twitching of the Muscles, Hot Flashes, Mental Despondency, Forgetfulness, Sleeplessness, Restlessness, Nervousness of Females, Palpitation of the Heart, Sexual Weakness, etc., etc.

A SWORN CURE FOR ST. VITUS'S DANCE.

My daughter, twelve years old, had been afflicted for several months with St. Vitus's Dance. She was reduced to a skeleton, could not walk, could not talk, could not swallow anything but milk; I had to handle her like an infant. Doctors and neighbors gave her up. I commenced giving her the SOUTH AMERICAN NERVINE Tonic, and the effects were very surprising. In three days she was rid of the nervousness, and rapidly improved. Four bottles cured her completely. I think the SOUTH AMERICAN NERVINE the greatest remedy ever discovered, and would recommend it to everyone.

MRS. W. T. EISENBERG.

State of Indiana

Montgomery County, ss: I, J. J.

Subscribed and sworn to before me this May 19, 1893.

CHAS. M. TRAVIS, Notary Public.

A WONDERFUL CURE FOR

INDIGESTION and DYSPEPSIA.

Loss of Appetite, Weight and Tenderness in the Stomach, Sour Stomach, Pain in the Stomach, Wind upon the Stomach, Nausea and Sick Stomach, Sick-Headache, Hiccough, Water-Brash, Heartburn, Vertigo and Dizziness, Sleeplessness, Frightful Dreams, etc.

The Stomach suffers more than any of the other organs from disease, because into it are taken so many indigestible and irritating substances as articles of food. In its great effort to digest these, it soon becomes weakened and diseased. Under such circumstances, it is not wonderful, that so many complain of indigestion and weak stomachs. When the Stomach fails to digest and assimilate the food, the whole body falls into a state of weakness and decay. For Nature has decreed that the body must constantly receive nutriment through the Stomach, to repair the waste of tissue constantly going on in the system.

The South American Nerve

is probably the greatest remedy ever discovered for the cure of all Chronic Stomach troubles, because it acts through the nerve centres. It gives marked relief in one day, and very soon effects a permanent cure. The first bottle will convince anyone that a cure is certain.

WHAT EX-MEMBER OF PARLIAMENT, REUBEN E. TRUM, SAYS.

I have been for about ten years very much troubled with indigestion and dyspepsia. I have tried a great many different kinds of patent medicines, and have been treated by a number of physicians, and found no benefit from them. I was recommended to try the SOUTH AMERICAN NERVINE. I obtained a bottle, and I must say I have found very great relief, and have since taken two more bottles, and now feel that I am entirely free from indigestion, and would strongly recommend all my fellow-sufferers from the disease, to give SOUTH AMERICAN NERVINE an immediate trial.

It will cure you.

July 10th, 1893.

HARTFORD CITY, Blackford Co., Indiana, June 8, '93.

SOUTH AMERICAN Nerve Tonic.

GENTLEMEN: I received a letter from you May 27, stating that you had heard of my wonderful recovery from a spell of sickness of six years duration, through the use of SOUTH AMERICAN NERVINE, and asking for my testimonial. I will gladly state how I was afflicted and how I was delivered from my pain and suffering. I was near thirty-five years old, when I took down with nervous prostration. Our family physician treated me, but without benefiting me in the least. My nervous system seemed to be entirely shattered, and I constantly had very severe shaking spells. In addition to this I could not retain anything on my stomach. Many consultations were held by physicians over my case, but they all agreed that I would never leave my bed. During the years I lay sick, my folks had an eminent physician from Dayton, Ohio, and two from Columbus, Ohio, to come and examine me. They all said I could not live. I got having spells like spasms, and would lie cold and stiff for a time after each. At last I lost the use of my body—could not rise from my bed or walk a step, and had to be lifted like a child; all the time suffering intense pain, and taking almost every known medicine. Part of the time I could read a little, and one day saw an advertisement of your medicine and concluded to try one bottle. By the time I had taken one and one-half bottles I could rise up and take a step or two by being helped, and after I had taken five bottles in all I felt real well. The shaking went away gradually, and I could not sleep and sleep good, and my friends could scarcely believe it was I. I am sure this medicine is the best in the world. It was a godsend to me, and I believe it saved my life. I give my name and address, so that if anyone doubts my statement they can write me, or our postmaster or any citizen, as all are acquainted with my case. I am now forty-one years of age, and expect to live as long as the Lord has use for me and do all the good I can in helping the suffering.

MISS ELLEN SWOLE.

Will a remedy which can effect such a marvellous cure as the above, cure you?

A MINISTER OF THE GOSPEL SPEAKS.

PETERBORO, Ontario, June 27, 1893.

To the Proprietor of South American Nerve Tonic.

DEAR SIR:—I have much pleasure in recommending the great SOUTH AMERICAN NERVINE to all who are afflicted as I have been, with nervous prostration and indigestion. I found very great relief from the very first bottle, which was strongly recommended to me by my druggist. I also induced my wife to use it, who I must say, was completely run down and was suffering very much from general debility. She found great relief from SOUTH AMERICAN NERVINE, and also cheerfully recommends it to her fellow sufferers.

(My signature) Rev W. S. Barker

Sick Headache.

Is dependent on deranged nerve centres and indigestion. Hence its cure must come through building up the Nervous System and curing the Stomach. SOUTH AMERICAN NERVINE will absolutely cure this dreaded malady and prevent its return.

For Sale by W. W. BOLE,

Moose Jaw, N. W. T.

DON'T

Wait for Xmas. The evenings are getting long. Allow the children to sandwich in a few games between the study hours. It will rest and amuse them and they will make better progress when they turn to their books again.

We have in stock a large number of games, now on sale, among the number:—Lacrosse (new), Crockball, Reversi, Bay to Banker, Parcheesi, Upper Ten, Oujia (new), Logomachy, Periwinkle, &c.

The Moose Jaw Times.

FRIDAY, NOV. 24, 1893.—No. 23.

LOCAL AND GENERAL NEWS.

Mounted Police Fire Guardians are being called in to barracks.

Miss Marion Stevenson is in town on a short holiday.

Canon Flett, of Prince Albert and Mr. Clarke Hales, of Regina, were in town yesterday.

Constable Bolderson leaves town permanently on Saturday. He has made a large number of friends who will be sorry to lose him.

George Munroe McIvor of the lands titles office at Portage la Prairie died on Wednesday of hemorrhage of the lungs. Two years ago the deceased married Miss McRae who was at that time living in Moose Jaw.

Dr. P. F. Siz, Surgeon Dentist, Regina, will be at the Dining Hall, Moose Jaw, on Dec. 11th and 12th, 1893.

R. C. Macdonald left for Golden, B. C., on Tuesday night in charge of a car-load of fruit consigned by Rabler, Riddell & Co., of Winnipeg. Mr. Macdonald returns on Wednesday next.

On Monday evening Mrs. J. T. Simpson entertained a number of her friends in honor of Miss McLoughlin of Ottawa and Miss Lena Boyd, of Carberry. A most delightful evening was spent by all.

Rev. Anthony, of Buffalo Lake occupies the pulpit of the Presbyterian Church on Sunday next. On the following Sunday Rev. McLeod, of Regina, will preach.

The debentures to raise by way of can the sum of \$5,000 upon the credit of the town were signed by Mayor Grayson on Monday. The debentures were printed at the Times office.

Rheumatism Cured in a Day.—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 2 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents sold by W. W. Bole, Druggist.

Breakman Dickson was coupling cars on the Prince Albert Branch on Saturday morning when he was severely crushed between the cars. His collar bone and two ribs were broken. He was brought to Moose Jaw, on Sunday and at last accounts is progressing.

A number of hogs were placed in pound by Inspector Battell on Wednesday night but yesterday morning when Inspector strolled around to see his charges he found that the pound had been broken into and the porkers were gone.

The bridge over Thunder Creek at the west end of River St. is nearly completed.

Mr. John Bellamy has moved into his new brick residence on High Street, east.

The Lord Bishop of Qu'Appelle will hold confirmation service in St. John the Baptist Church on Sunday next; and will preach at the evening service.

Rev. W. L. Clay attended a meeting of the Presbyterian Synod at Portage la Prairie on Friday and Saturday of last week. On Wednesday he left on a two-week's trip to the Pacific coast.

Rev. Mr. Brown, of the Methodist Church, Regina, occupied the pulpit of the Moose Jaw Methodist Church on Sunday last.

Miss Burnett, teacher of the primary department of the public school has been unable to teach for several days, being prevented by sickness. Her place is being filled temporarily by Mr. Lang.

A stereoscopic entertainment will be given by Prof. J. K. Rae under the auspices of the Presbyterian Church on Tuesday Nov. 25th. Prof. Rae uses the popular ethio-oxygen combination which produces magnificent scenic effects in the highest style of the art. Posters giving particulars will shortly be out.

For SALE.—A first-class sewing machine. Apply to
224 R. L. SLATER

Broadview is going ahead in the improvement line. A. C. Thorburn has completed a handsome terrace; Robinson's new hotel is now occupied; and a number of town buildings are being improved in various ways.

The death is reported at Maple Creek, of J. F. Gowley, who at one time was engaged in the clothing business in Winnipeg, but latterly been in the sheep ranching business and general store at Maple Creek. While out shooting Mr. Gowley sustained a scratch which came in contact with poison ivy. Blood poison set in, causing his death.

English Spavin Liniment removes all hard, soft or calloused Lumps and blemishes from horses. Blood Spavin, Curbs, Splints, Ring Bone, Sweeney, Stiffles, Sprains, Sore and swollen Throats, Coughs, etc. Save \$2.00 by using one bottle. Sold by W. W. Bole.

Mr. W. Trent, of Trent Bros. and Robinson, who has been in town for several days, left last night for the ranch, taking with him a car-load of prime stock. A team of remarkably fine horses and one of very promising colts were among the number. The horses were purchased from Messrs. W. and R. Craig, and the colts from W. J. Halliday.

Relief in Six Hours.—Distressing Kidney and bladder diseases relieved in six hours by the "NEW GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise and delight to physicians on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by W. W. Bole.

The Vancouver World, one of our brightest exchanges, has recently purchased a type-setting machine. It is of the style known as the Linotype and is a type maker as well as a type setter. Every line of reading matter is cast in lead for each issue, so that the paper appears in a new dress daily. Mr. J. C. McLaughlin, the popular editor is a well-known newspaper man and under him the World is achieving great success.

At Qu'Appelle station, on Wednesday afternoon of last week, Robert Graham, who was until recently proprietor of the C. P. R. Dining Hall at Swift Current, and who has been in feeble health was missed by his friends. A search party was immediately organized and a diligent but fruitless search was made for the unfortunate man. It was not until the afternoon of Friday that he was found. He had wandered to a small bluff near the town. His feet, hands, arms and face were badly frozen. It is supposed that he was

lying in the bluff two days and nights. He lived only a few hours after he was found. He was only thirty-seven years of age and leaves a wife and one child.

On Tuesday evening one of our local magistrates learned that Inspector Battell was looking for him and that the old gentleman wore a decidedly business look. Being rather a kind-hearted man the J. P. disliked sitting on criminal cases, so he determined to keep out of sight. He went into Mr. Bogue's store and explained the situation to the proprietor. Presently the inspector was seen at the door and instantly the J. P. cached himself behind some bags of flour. Mr. Battell was hot from the chase and breathlessly enquired for the missing magistrate when he was informed that he was in the store "just a few minutes ago." Later on Constable Bolderson took up the scent and after some very bright detective work located his man at a church meeting and waltzed him off to sit on the bench.

Mr. T. W. Robinson moved into his new store on Tuesday. The fittings and counter tops are finished in maple and ash. The ceiling is a very handsome one, being of British Columbia cedar with natural finish. A commodious office with bank screens has been fitted up in the rear of the ground floor. The second story is handsomely fitted up and here ready-made clothing, hats and caps, boots and shoes and china and glassware will be found. This store is well lighted from both front and rear. The cellar is the most commodious in the town. Two of Clark Bros. hot-air furnaces dispense heat to the establishment. All freight is received and checked at the rear of the cellar and in front extending under the Main St. sidewalk is a separate coal room. The building is lighted throughout with Pittsburg lamps. The windows are of plate glass. A large staff of clerks are engaged in reducing chaos to order and when the stock is placed Mr. Robinson will have an establishment of which Moose Jaw may justly be proud.

AUSTRALIAN MUTTON.

FROZEN MUTTON TO BE CARRIED BY THE ARAWA—A NEW DEPARTURE.

VICTORIA, B. C., Nov. 22.—A New York firm has completed arrangements for bringing a very large shipment of mutton by the Arawa, which is due from Australia on December 9th. They have agents now along the line making arrangements for the placing of portions of the consignment at various places on the Canadian Pacific. The Arawa is specially fitted to carry frozen mutton or similar cargo as she has unusually large storage capacity. If the experiment is a success the company will make a regular business of bringing over mutton and disposing of it in this way.

This property is well situated on the north side of High Street in the said town of Moose Jaw, and there are erected thereon a comfortable frame cottage and stable. The property will be sold subject to a prior mortgage on said property for \$300. Further particulars, terms and conditions of sale made known on day of sale or on application to

WM. GRAYSON,
Vendors Advocate,
O. B. FYSH,
Auctioneer.

Dated this 24th day of November, 1893.

NOTICE.

THE following is a summary of the Regulations with respect to the transfer of Dominion Lands, as set forth in the Regulations governing the purchase of the same.

Any person may explore vacant Dominion Lands not appropriated or reserved by Government for other purposes, and may search therein, either by surface or subterranean prospecting, for mineral deposits, with a view to obtaining a mining location for the same, but no mining location shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or metal within the limits of the location of claim.

A location for mining, except for Iron or Petroleum, shall not be more than 1,500 feet in length, nor more than 600 feet in breadth. A location for mining Iron or Petroleum shall not exceed 160 acres in area.

On discovering a mineral deposit any person may obtain a mining location, upon marking out his location on the ground in accordance with the regulations, and then filing with the Agent of the Dominion Land for the district, within sixty days from discovery, an affidavit in form prescribed by Mining Regulations, and paying at the same time an office fee of five dollars, which will entitle the person so recording his claim to enter into possession of the location applied for.

At any time before the expiration of five years from the date of recording his claim, the claimant may, upon filing with the local agent that he has expended \$500 in actual mining operations, his claim, by paying to the Local Agent therefor \$5 per acre, cash, and a further sum of fifty dollars to cover the cost of survey, obtain a patent for said claim, as provided in the said Mining Regulations.

Copies of the Regulations may be obtained upon application to the Department of the Interior.

A. M. BURGESS,

Deputy of the Minister of the Interior.

Department of the Interior, Ottawa, July 1890. 3c.

Homestead Regulations.

All even-numbered sections of Dominion Lands in Manitoba or the North-West Territories, except 8 and 26, which have been homesteaded, reserved to provide wood lots for settlers, or other purposes, may be homesteaded by any person who is sole head of a family, or male over eighteen years of age, to the extent of one quarter section of 160 acres, more or less.

ENTRY.

Entry may be made personally at the local land office in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for lands which have been occupied an additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

HOMESTEAD DUTIES.

Under the present law homestead duties may be performed by the settler, and on making application for entry the settler must declare under which of the following conditions he elects to hold his land:—

1. Three years' cultivation and residence during which period the settler may not be absent for more than six months in any one year without forfeiting the entry.

2. Residence for two years and nine months anywhere within two miles of the homestead quarter section, and afterwards actual residence in a habitable house upon the homestead for three months next prior to application for patent. Under this system 10 acres must be broken the first year after entry, 15 additional in the second, and 15 in the third year; 10 acres to be in crop the second year and 25 acres the third year.

3. The five years' system, under which a settler may reside anywhere for the first two years (that may be his entry by commencing cultivation within six months after the date thereof), breaking five acres the first year, cropping three acres and breaking five acres additional the second year, and also building a habitable house before the end of the second year. The settler must commence actual residence on the homestead at the expiration of two years from the date of entry, and thenceforward reside upon and cultivate the homestead for six months in each of the three next succeeding years.

APPLICATION FOR PATENT

may be made before the local agent, or any homestead inspector. Before making application for Patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands of his intention to do so. When, for convenience of the settler application for patent is made before a homestead inspector, a fee of \$5 is chargeable.

SECOND HOMESTEAD

may be taken by anyone who has received a homestead patent or a certificate of reconnaissance counter-signed by the Commissioner of Dominion Lands upon application for patent made by him, or had earned title to his first homestead on, or prior to the second day of June, 1889.

INFORMATION.

Full information respecting the land, timber, coal or mineral lands, and copies of these Regulations, as well as those respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Dominion Lands, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the North-West Territories.
